PRODUCT SUPPLY DATASHEET · PAINTING & FINISHING MATERIALS

Paints

Emulsion, enamel, epoxy, fire-retardant and industrial coatings for interior walls, exterior façades and industrial equipment.

White plastic pail of interior emulsion wall paint with a blue label and metal handle

Product	Paints
Category	Painting & Finishing Materials
Range supplied	Emulsion, Enamel, Epoxy, Fire-retardant, Industrial coatings, Anti-corrosion coatings
Typical applications	Interior walls, Exterior facades, Industrial equipment, Fire protection coatings
Brands and sources	Asian Paints, Jotun, GCC approved suppliers
Supplied from	Riyadh, Saudi Arabia; delivery across the Kingdom
Enquiries	+966 51 076 7420 (phone / WhatsApp) Info@alsafsaafcontracting.com

OVERVIEW

Paint protects a surface as much as it decorates it, and the right type depends on what the surface is and what it faces. Al Safsaaf supplies emulsion paints for interior and exterior walls, enamels for wood and metal trim, epoxy coatings for floors and chemically exposed areas, fire-retardant paints for protected elements, and industrial coatings including anti-corrosion systems for plant and equipment.

The paints are available in multiple colours and finishes and are supplied for residential, commercial and industrial projects, covering interior walls, exterior façades, industrial equipment and fire protection coatings. Al Safsaaf sources them from Asian Paints, Jotun and GCC approved suppliers, and can supply the primers, putty and application consumables that complete the system.

Specify paint as a system, not a single can. The primer must suit the substrate, the intermediate and top coats must be compatible with it, and the total dry film thickness should follow the manufacturer's data sheet for the exposure. Exterior coatings need UV and heat resistance; epoxies need correct mixing ratios and pot-life control; fire-retardant and anti-corrosion coatings need the manufacturer's specification followed exactly. Confirm colour from a physical sample under site lighting.

SUPPLY NOTES

- Decorative, protective and specialised coatings in one range
- Multiple colours and finishes for interior and exterior work
- Resistance to weather, chemicals and corrosion when correctly specified
- Supplied from recognised manufacturers with matching primers and consumables

TO CONFIRM AT ENQUIRY

Please state the following so the correct item is quoted:

- Product names and data sheets
- Pack sizes
- Colour range and tinting
- Fire-retardant and anti-corrosion performance data
- Coverage rates

> **About this document.** This datasheet summarises the product range supplied by Al Safsaaf Trading & Contracting Company. It is not a manufacturer's data sheet or a mill test certificate. Material grade, dimensions, pressure class, coating and certification are confirmed in the quotation, and manufacturer documentation and test certificates are supplied with the goods where applicable.
