PRODUCT SUPPLY DATASHEET · FLANGES & FITTINGS

Threaded Fittings

Threaded unions, couplings and nipples that make secure pipe connections without welding, for plumbing, industrial piping and fire protection.

Nine stainless steel threaded fittings: elbows, coupling, tee, union, plug, hex nipple, bushing and cap

Product	Threaded Fittings
Category	Flanges & Fittings
Range supplied	Unions, Couplings, Nipples
Typical applications	Plumbing, Industrial piping, Fire protection
Brands and sources	Hilti, GCC approved suppliers
Supplied from	Riyadh, Saudi Arabia; delivery across the Kingdom
Enquiries	+966 51 076 7420 (phone / WhatsApp) Info@alsafsaafcontracting.com

OVERVIEW

Threaded fittings screw directly onto threaded pipe and are sealed with tape or compound, so a system can be assembled and later dismantled with hand tools and no hot work. That makes them the default for plumbing, compressed-air and fire-protection branch lines, temporary installations and areas where welding permits are difficult to obtain.

Al Safsaaf supplies threaded fittings, including unions, couplings and nipples, sourced from Hilti and GCC approved suppliers, for plumbing, industrial piping and fire-protection systems in commercial and industrial projects.

Specify the fitting type, nominal size, thread form, material and grade, pressure class and whether ends are female, male or a combination. Thread form is critical: BSP (parallel or taper) and NPT look similar but do not seal together, so match the pipe specification. For lines subject to vibration or where leaks cannot be tolerated, consider socket-weld fittings instead.

SUPPLY NOTES

- Assembled and dismantled without welding or hot-work permits
- Unions, couplings and nipples for complete threaded runs
- Suits plumbing, fire branch lines and utility piping
- Sourced from Hilti and GCC approved suppliers

TO CONFIRM AT ENQUIRY

Please state the following so the correct item is quoted:

- Size range
- Thread form
- Material grades
- Pressure class

> **About this document.** This datasheet summarises the product range supplied by Al Safsaaf Trading & Contracting Company. It is not a manufacturer's data sheet or a mill test certificate. Material grade, dimensions, pressure class, coating and certification are confirmed in the quotation, and manufacturer documentation and test certificates are supplied with the goods where applicable.
